

Pressure Management

www.elitemedical.com.au

Pressure Mangement

Pressure injury management has become a standard part of every modern hospital's protocol. Action has been at the forefront of educating medical professionals and industry for over forty years and Akton[®] viscoelastic polymer still delivers the highest quality performance in hundreds of Body Smart[®] designs that feature its unique Shear Smart[®] surface. Designed to prevent capillary closure through the redistribution of pressure, the mitigation of shear forces and the even radiation of heat and humidity, our polymer significantly reduces the risk of tissue trauma, which few competitive products can claim the same. Contact us to learn more about how to achieve your zero tolerance goals.

SAM Boot Stirrup Pad Set		
40503	Sam boot stirrup pad set	68.5 x 36T/12.5B x 0.6

Did You Know?

Action O.R. products help to avoid excessive pressure build-up and capillary closure. Action products evenly distribute weight and provide constant support beneath patients by not bottoming out. Akton® polymer reduces shear by moving with the skin, not against it and the tissue-friendly feel makes it very comfortable.

Heat and humidity are controlled by the materials ability to evenly radiate heat throughout the product. This reduces the risk of potentially dangerous “hot spot” development, while providing a uniform temperature environment for the patient. This ability also makes products ideal for use with heating or cooling blankets.

About Us

Elite Medical is a family owned and operated company who, since October 1986, have been dedicated to serving the healthcare sector by providing high quality, cost effective and environmentally responsible surgical instruments, equipment and consumables.

Our Values

INTEGRITY - We act with honesty and transparency, always doing what is right by our stakeholders.

SERVICE - Our customers are our number one priority, therefore we respond to your enquiry with enthusiasm, professionalism and efficiency.

PROGRESS - We are continuously improving our processes in order to remain at the forefront of our industry.

Our People

We believe our people are the most important part of our business. Therefore our team is made up of the most passionate specialists in their field. Our business development managers are committed to searching out innovation and our customer service team go the extra mile to not only meet but exceed your expectations.

Our Community

Elite Medical is 100% Australian owned and operated so we have a practical understanding of your needs. In addition, we are dedicated to being good corporate citizens. In order to achieve this we regularly support charities such as Careflight and the Royal Flying Doctor Service. And we are always improving our practices to ensure they are environmentally responsible.

Exactly the specialised medical supplies
you want, when you need them.
